

**Alternative Provision & Modified Curriculum
Policy 2023-2025**

Committee:	Teaching and Learning
Approved by FGB on:	6 th December 2023
Date of Next Review:	Every 2 Years or as appropriate
Responsible Officer:	Zach Beamish

Comberton Village College aims to ensure that every pupil attains standards of achievement that are the highest of which they are capable. We offer our pupils a broad and balanced curriculum which also promotes their spiritual, moral, cultural, mental and physical development and prepares them for the opportunities, responsibilities and experiences of later life. We acknowledge that our pupils have a wide range of social, emotional, physical, medical and mental health needs and that our curriculum must be inclusive and accessible to all.

What is alternative provision?

The definition of alternative provision is *“education arranged for pupils who, because of exclusion, illness or other reasons, would not otherwise receive suitable education; education arranged by schools for pupils on a fixed period exclusion; and pupils being directed by schools to off-site provision to improve their behaviour.”* **DFE Alternative Provision Statutory guidance for local authorities January 2013**

At Comberton Village College we provide alternative provision for students who are unable to access full-time mainstream education for the reasons given in the definition above. By using alternative provision, our programmes of learning may be designed to meet the needs and interests of the individual pupil. This makes it more likely that pupils will engage with learning and succeed in education.

The school’s aim is to provide:

- An excellent alternative provision which appropriately meets the needs of our pupils which require its use, enabling them to achieve the best educational attainment possible on par with their mainstream peers.
- That our pupils will receive an excellent education regardless of their circumstances. The provision will be tailored to each individual but will aim to achieve:
 - A return to fulltime school at the earliest possible opportunity
 - Good academic attainment on par with the main school
 - That the specific personal, social and academic needs of pupils are properly identified as soon as possible and met in order to help them overcome any barriers to attainment and attendance.
 - Improved pupil motivation and self-confidence, attendance and engagement with their education and school, an
 - Clearly defined objectives, including the next steps such as reintegration into the main school, further education, training or employment.

The purpose of this policy is to demonstrate how Comberton Village College meets its statutory responsibilities/duties and follows best practice in its alternative provision offer in accordance with the following DfE guidance:

Alternative Provision – statutory guidance for local authorities (Jan 2013) and

- Ensuring a good education for children who cannot attend school because of health needs – statutory guidance for local authorities Jan 2013

This policy should be read in conjunction with the following school policies:

SEND Policy
SEND Report
Attendance Policy
Safeguarding Policy
Exclusion Policy
Assessment Policy
Curriculum Policy
Teaching and Learning Policy
On-site and remote learning Policy

Objectives

The objectives of this policy are:

- To explain when a pupil might be offered alternative provision
- To explain what alternative provision at Comberton Village College means and how this is implemented
- To provide guidance to parents and staff on the referral process
- To explain the procedures in place in relation to the monitoring of the pupil's welfare and progress

When might a pupil at CVC be considered for an alternative provision?

There are a number of reasons why a pupil may be referred for alternative provision by the school. Some common examples are:

- A pupil may not be attending school regularly and a previously unidentified or emerging need is then identified with the student requiring additional support in accessing the curriculum in a supportive learning environment
-
- The pupil may have a diagnosed medical/physical/mental/ special educational need which is not being met through the mainstream curriculum on offer.
- A serious behavioural event that would normally result in an extended exclusion or permanent exclusion.

What is our Alternative Provision offer?

There are a number of provisions which aim to help pupils with additional needs to access mainstream education at Comberton Village College. Staff in these provisions support pupils with modified curricula and those accessing Alternative Provision external to the school. The provisions in school include:

The Cabin – is for our students with autism. For our mission statement and further information please see the following page on our website:

<https://www.combertonvc.org/about-us/SEND/cabin>

Director of Cabin Provisions for CAM Academy Trust Mr Peter Allcock pallcock@combertonvc.org

Head of Comberton Village College Cabin Ms Jane Hylton jhylton@combertonvc.org

The Centre - (for students with SEND). Please see our SEND Policy and SEND Report for detailed information on our SEND provision.

Key Stage 3 (Years 7-9) and Key Stage 4 (Years 10 & 11) support - these are support centres designed to meet the needs of vulnerable students with emotional, social, or medical issues. They are based centrally in the school and provide a breakout space for students unable to attend normal lessons for either the short term or long term.

KS3 Support manager – Ms Stephanie Wright KS4 Support manager – Ms Sharon Baker
Deputy Principal with oversight of provisions – Mr Sean Sycamore

Attendance team

Securing the highest possible attendance from each pupil at Comberton Village College is a high priority. The following members of staff work in the Attendance team:

Mr Zach Beamish – Attendance Lead/Wellbeing of pupils and staff/LAC Designated Teacher/Alternative Provision oversight/ Member of the Senior Leadership Group zbeamish@combertonvc.org

Mrs Rebecca Gardiner – Attendance and Family Support
rgardiner@combertonvc.org

Mrs Prithi Solanki – Attendance Officer psolanki@combertonvc.org

–

Use of external Alternative Provision providers

Some pupils with additional needs may have to access specialist provision external to the school. Comberton Village College will only commission Alternative Provision from external providers if they are listed in the Local Authority Alternative Provision Directory. The school also carries out rigorous Quality Assurance and regularly evaluates the suitability of these services for our pupils. Quality Assurance checks include:

- DBS checks,
- Risk assessments,
- insurance provision and, service level agreements

The school will provide a budget annually for Alternative Provision and consider value for money for both the pupil and the school.

Pupils who are referred to an external provider remain on the school's roll and the school funds their place in alternative provision. Families are not able to commission their own alternative provision – the school has to be responsible to ensure quality and appropriateness of provision. The school remains ultimately responsible for the academic progress and safeguarding of all pupils.

The school works in partnership with other local secondary schools to provide managed move places. There may be some students for whom such a move would be more appropriate, and this may be attempted, with parental consent, prior to other off-site alternative provision. Occasionally there is a need for a respite placement at another school, usually a Trust school, whilst a more long-term alternative provision is organised.

Where appropriate a pupil can undertake a period of extended work experience. This is expected to run alongside a modified curriculum, so pupils might have one day per week experience. Before a pupil can undergo work experience, certain safeguarding measures need to be in place:

- The work provider must have share their Public Liability Insurance details.
- The work provider must hold a current DBS check.
- A risk assessment of the role and a site visit must take place. (see Appendices for further details)

IAEP paperwork must be completed and regular checks- once per half term) need to occur.

If a student is permanently excluded from an alternative provision placement, a meeting will be held by the teacher responsible for AP with parents and pupil to identify a further alternative provider.

There is an expectation that any safeguarding concerns by the AP provider are raised with the AP Lead or inclusion team and that all alternative providers adhere to the school's safeguarding policy

How we identify the needs of the individual?

Our school provides support for parents of pupils who are struggling to attend school full-time for whatever reason. These measures include:

- Weekly analysis of attendance data and identification of pupils with emerging needs.
- Attendance interviews and regular reviews with Heads of Year/Provision managers/Attendance team.
- Meetings with the Heads of Year/Pastoral teams, our Education Welfare Officer (Mrs Rachael Panther and other external agencies to provide support for children and their parents (TAFs)
- Re-integration programmes arranged between pupils, parents, Heads of Year/Pastoral teams, SLG and SENCO if appropriate after long-term absence
- An individualised curriculum/timetable for the pupil where appropriate

The school will do all it reasonably can to support full-time attendance in mainstream lessons, however there may be cases where pupils are identified with additional needs which require different interventions; this may be where a pupil has been unable to attend lessons for an extended period of time due to medical reasons. In these circumstances an alternative programme of study will be prescribed and managed by an Individual Alternative Education Plan (IAEP). **Please see appendices 1 and 2.** In the vast majority of cases the IAEP will be put in place for the shortest amount of time possible. It must be reviewed at least every six weeks. For pupils with EHCPs where an external provider is suggested to meet SEND the school will complete and review IAEPs at least once a term to ensure that the provision is meeting a pupil's needs. When setting up an IAEP, an Early Help Assessment (EHA) (**appendix 3**) may also be completed to help identify the needs of the pupil and the family and to make a plan to meet those needs. The IAEP and EHA may be shared by the school with other external agencies where appropriate.

The school will liaise fully with the Local Authority allocated Education Inclusion Officer (EIO) when a student is to be referred to alternative provision or have a modified curriculum. There are regular monitoring and quality assurance meetings in school with provision managers.

Once the need for an IAEP is established a lead professional in school will be identified and will do the following:

- meet with the pupils and parents **as soon as possible** to discuss the need for the IAEP and agree the form of the provision
- Explain to the pupil and parents at the meeting the purpose of the alternative provision or modified curriculum and help them understand what is required. Details of where the provision will take place, the pastoral support in place, transport arrangements (if appropriate) and the timings of the school day will be confirmed and agreed. Pupils must attend the alternative provision (either on or off-site) as agreed and parents are expected to support this.
- Parents/carers will be informed of the expected outcome of the support being received in alternative provision. A timeframe of the provision will be agreed as will the date of the first review meeting. Review meetings will take place every 6 weeks but may be more frequent if required. Regular contact with parents/carers throughout this process and provision will be encouraged.
- The IAEP will clearly set out:
 - The individualised timetable – *The aim being to provide 25 hours of education per week, subject to the pupil's ability to access this. The minimum provision should be 15 hours.*
 - Measurable academic goals
 - Attendance requirements
 - Methods and time frame for evaluating the pupil's progress
 - A date for the next review point.

The main aim of the IAEP will be to try and integrate the pupil with the appropriate support back into the mainstream education.

The provision offer will be sanctioned by the Principal at the weekly line management meetings where discussions include type of provision, length of provision, cost of provision and pupil progress within the provision.

During the period of the provision the school will:

- Maintain a register of those pupils accessing a day or more (or the equivalence of) of an alternative provision
- Record the dates of reviews undertaken.
- Securely file and quality assure the Individual Alternative Education Plans for each pupil. Each plan is personalised to meet the individual safeguarding needs of each individual child. For example, in a situation where the school has concerns that parental supervision may not be adequate, the school will carry out additional regular safeguarding checks at home. The school will also follow-up any non-attendance at provisions appropriately – for example by communicating with parents as quickly as possible when a child has not attended a tutoring session or other provision.

- Undertake to support and train staff in home visits. These visits should be planned and regular for those not accessing full time provision.
- Ensure that teaching staff monitor the provision in curriculum areas through close liaison, including delivering subject specific teaching in these areas.
- Ensure that HoY and HODs maintain accurate records and evaluations of pupils' progress with regards to attendance, behaviour, academic progress and pupils' emotional well-being.
- Ensure that HoY and HoDs regularly review the pupils' progress, in conjunction with parents/guardians and other supporting agencies or professionals.

If a placement does not end with integration back into school, the school will work to ensure that the pupil can move onto suitable education or employment alongside study or training. A record will be collected and maintained about the pupil's destination as part of its planning for an alternative provision intervention.

Where an external provider is put in place as part of an EHCP there will be a regular review of how the child progresses against the main aims and outcomes of their individual plan and evaluation about whether the external provider is suitably meeting the pupil's needs.

With off-site provision, the length of time a pupil spends there will be dependent on what best supports his/her needs. Before starting, the school and the provider will complete a service level agreement. A risk assessment will be undertaken, and all appropriate and necessary safeguarding checks at the provider's site will be made. During the provision the pupil's progress and attendance will be regularly monitored by the appropriate lead professional in school.

Monitoring and coding of attendance

Children who are engaged in alternative provision are coded as a B (educated off site). If they are on a reduced timetable but are expected to attend school some of the time, then the school codes them as C (authorised absence) for the times it is agreed they will not be in school. When a pupil is absent from either their provision or school a suitable absence code will be used (for instance 'I' for illness or 'O' if the absence is unauthorized. For further details of attendance coding please see the school's Attendance Policy.

Roles and responsibilities

The Assistant Principal with responsibility for AP will ensure that the alternative provision on offer at CVC is:

- suitable and safe
- supports the pupil's academic/medical/ pastoral/vocational needs
- meets the needs of any of our pupils who have special educational needs and/or disabilities
- secures good academic attainment for pupils
- motivates pupils to learn, develops their self-confidence and improves attendance and engagement
- assesses pupils effectively helping them reintegrate into mainstream education, further education, training or employment

Provision managers, Heads of Year, SENCOs and the Senior leadership group will:

- identify students for whom alternative provision may be appropriate
- Work closely with the inclusion team to ensure that the appropriate measures to support pupils on and off-site are in place.
- Meet regularly with alternative providers (with on or off-site), pupils and families to review progress
- Monitor attendance behaviour and progress of pupils' in alternative provision
- Impact/success will be measured against the targets students are set at the review meeting
- Ensure that the alternative education providers used by the school are appropriately checked. Their staff have the relevant DBS checks and the relevant policies regarding safeguarding, health and safety and data protection are adhered to and are in place.

The Governing Body is under a duty to arrange for the provision of suitable full-time education from the sixth day of fixed period exclusion. Pupils in alternative provision will receive the same amount of education they would have received in school. The link governor with responsibility for AP will meet regularly with appropriate school staff and will quality assure the following:

- Ensure that parents (and the LA where there is an EHCP in place) are given clear information about the placement : why, when, where and how it will be reviewed;
- Ensure that the school keeps the placement under review and involve parents in the review. Reviews being frequent enough to provide assurance that the off-site provision is achieving its objectives and that the pupil is benefitting from it
- Ensure that the school Has a plan in place to reintegrate the pupil at the end of the placement when he/she returned to school.
- Check that school is receiving and logging relevant assessments and reports on progress for each pupil.
- Seek the views of all stakeholders in relation to AP matters. For instance, by speaking with pupils and understanding their views on their provision and its suitability.

The School's Governing Body is responsible for the implementation and monitoring of this policy. The governor with oversight of alternative provision is : Mrs C Macdonald The AP Governor will meet with the AP Lead and the Principal to review and audit the school's on-site and off-site alternative provision once a term.

The Principal has overall responsibility for the implementation of this policy is implemented and for reporting any issues to the governing body.

Power of the school to direct a pupil off-site for education to improve behaviour

The DfE statutory guidance on Alternative Provision states: "Governing bodies of maintained schools have the power to direct a pupil off-site for education to improve his or her behaviour. " When a pupil is directed off-site to improve their behaviour the governing body will ensure that the following is in place:

- Clear objectives are stated – the reasons for the direction off-site and the suggest plan to support the pupil in returning to education
- Clear timeframes are given – this would include regularity of review
- Monitor progress of pupils in reaching targets
- Identification of appropriate staff and professionals engaged in reviewing and implementing plans.

Parents and, where the pupil has a statement of special educational needs, the local authority, can request, in writing, that the governing body review the placement. When this happens, governing bodies must comply with the request as soon as reasonably practicable, unless there has already been a review in the previous 10 weeks

The focus should remain on ensuring that a child continues to receive a good education on par with their mainstream peers whilst the needs which require intervention are being addressed. Therefore, the length of time a pupil spends in alternative provision will depend on what best supports the pupil's needs and potential educational attainment

Privacy Notice

An Early Help Assessment cannot be undertaken without engagement from the young person or at least one parent / carer.

For this reason you must provide the attached Privacy Notice to the family before starting the assessment. The Privacy Notice confirms a family's understanding that PCC will use and hold their information as part of the Early Help Process. You must explain to the young person and family which professionals or agencies their information will be shared with and why, as well as any changes and letting them know if they have any concerns to talk to you.

Please tick this box to confirm you have shared the privacy notice with the young person and/or parent and explained the EH Process

Reason for Assessment and Previous Support

Please explain why the EHA has been initiated and who has contributed to the assessment

Use this area to seek the parents/carers to provide their views on the assessment and needs identified above

Please remember:

An Early Help Assessment cannot be undertaken without engagement from the young person or at least one parent / carer.

For this reason you must provide the attached Privacy Notice to the family before starting the assessment. The Privacy Notice confirms a family's understanding that PCC will use and hold their information as part of the Early Help Process. You must explain to the young person and family which professionals or agencies their information will be shared with and why, as well as any changes and letting them know if they have any concerns to talk to you.
