

### ESSENTIAL EQUIPMENT LIST 2025

There are key items which we would strongly suggest are carried at all times by our pupils. These are as follows:

- A reading book
- Pens (blue and black)
- HB pencil and pencil sharpener
- Rubber
- 30 cms ruler (graduated in cm and mm)
- Glue stick
- Highlighters
- Pair of safe scissors

<p><b>Art</b> A letter will come out at the beginning of Year 7 regarding the details of attaining classwork/homework sketchbooks and equipment through the school.</p>	<p><b>DT</b> Scissors Small pack of coloured pencils Black fineliner pen (optional)</p>
<p><b>Food &amp; Nutrition</b> Apron Tea towel Ingredients (when required) Relevant dishes for cooking A container to transport home (for practical lessons only)</p>	<p><b>Maths</b> Scientific calculator, we recommend either the Casio fx-85GT CW or Casio fx-83GT CW. We would not recommend a non- Casio branded calculator as find these less user friendly leading to unintentional mathematical mistakes. During the year as directed by the class teacher: Protractor (angle measurer) A pair of compasses</p>
<p><b>Music</b> A pair of lightweight headphones or in-ear buds with mini-jack termination</p>	<p><b>PE</b> Kit list on website: <a href="http://Uniform - Comberton Village College (combertonvc.org)"><u>Uniform - Comberton Village College (combertonvc.org)</u></a>  Please note that Year 7s have 5 periods of PE a fortnight (2x double periods and 1x single lesson).</p>
<p><b>Science</b> Scientific calculator Protractor A pair of compasses</p>	<p><b>MFL</b> A green pen</p>

*Stationery shop is in the School Library-opening hours are Monday – Friday, 8am-4pm. They stock most items including the recommended calculator and clear pencil cases. CATERING CARD PAYMENTS ONLY*
